Participant Information Sheet

Study Title: Web-Based Vaccination Scheduling and Notification System with Pharmacy Integration to Reduce Missed Immunization Doses in Pediatric Wards in Ndola, Zambia.

Researcher(s): Augustine Nguzayikona
Supervisor: Mr Jonathan Lungu
Contact Information:2106656@northrise.net
Introduction:
You are invitedtoparticipate in this research study conducted by Northrise University. Before deciding,please read this information carefully and ask any questions you may have. Your participationis entirely voluntary.
Purpose of the Study:

This study aims to develop and test a web-based system to help schedule vaccination appointments, send reminders, and inform the pharmacy about vaccine needs. The findings will help improve pediatric healthcare delivery and reduce missed vaccinations in Ndola.……
……..
Who Can Participate:

- Participants must be healthcare workers (pediatric nurses, pharmacy staff, or administrative/reception staff) currently working at Arthur Davison Children's Hospital Participation is voluntary, and you may withdraw at any time without penalty.

What Participation Involves:

- You may be asked to participate in a 45-minute interview about current scheduling workflows and what features a new system should have. You may also be asked to test the new system for 30 minutes. Participation is expected to take approximately 1.5 hours total.....

Risks and Discomforts:

- There are no anticipated risks beyond daily life.
- Any potential discomfort will be minimized, and you can withdraw at any time.

Benefits:

- There may be no direct personal benefit, but your contribution will help [e.g., inform university policies, community programs, or knowledge advancement].

Confidentiality:

- All information you provide will be **kept confidential** and stored securely at Northrise University.
- Youridentity will not be disclosed in any reports or publications.

Use of Data:

- Datawillbeused only for research purposes and may be published in anonymized form.
- Foronlineresearch, data will be collected and stored according to NU and NUREC guidelines.

Ethical Clearance:

- This study has been reviewed and approved by the **Northrise University Research Ethics Committee (NUREC)**, accredited by the **National Health Research Authority (NHRA)**.
- Questions about your rights as a participant may be directed to NUREC at jonathan.lungu@northrise.net

Consent:
Byparticipating in this study, you confirm that:

- You understand the information provided.
- You voluntarily agree to participate.
- You are aware you may withdraw at any time without any negative consequences.
